

Joel Clarke-Khan wins British Athletics European Indoor Selection Trials

Congratulations to Joel Clarke-Khan who won the high jump at the British Athletics European Indoor Selection Trials at Loughborough on 21st February 2021 with a PB of 2.23m. This puts him at the top of the UK rankings for this year and 28th on the All-Time list. This is a fantastic achievement as he has only had access to a high jump bed for the past 4 weeks after being granted elite status from England Athletics. During the previous months, Joel was like everyone else and had to train in the park and at home. Joel's success should be an inspiration to all athletes at the club that you can do a lot of effective training without facilities. We look forward to seeing what he can achieve over the rest of the season.
